

IMPORTANT CHANGES

ELEMENTARY SCHOOL

1/16/2017

Changes to Elementary Drop Off location:

Dear MTS School Community and Families,

On January 22nd, you will notice a few changes to our morning drop off routine. These changes are designed to speed drop off time and to provide an opportunity to allow parents and staff to safely exit around the buses, while also ensuring student safety.

Beginning on Monday the 22nd, as the buses go around the middle school building, buses will continue forward and park from the corner to the crosswalk. Parents and staff will change routes, and go through the staff lot. Staff will be present to direct traffic changes. On the other side of the lot, a security guard will stop traffic, as needed, to allow the buses to depart safely. Below, you will find a visual depiction of these changes.

We will be piloting this for a two week period. We would like to hear your feedback and ideas. Please call 253-931-6709 ext 3707 to share input.
